PROFESSIONAL SUMMARY

Versatile **Software Engineer** and **Salesforce Developer** with experience in Full-Stack Web Development, Python, React.js, and Salesforce CRM architecture (Apex, LWC, Flows, REST APIs). Experienced in architecting custom data models, integrating third-party APIs, optimizing Governor Limits, and developing computer vision applications. Proven ability to build scalable software solutions across web and CRM ecosystems.

TECHNICAL SKILLS

Salesforce Core & Development: Apex (Classes, Triggers, Handler Framework), LWC, Visualforce, SOQL, SOSL, Async Apex (Batch, Future, Queueable, Scheduled), Governor Limits.

Salesforce Admin & Security: Custom Objects, Master-Detail, Roll-Up Summaries, Formulas, Flows (Record-Triggered, Screen), OWD, Profiles, Permission Sets, Sharing Rules.

Full-Stack & Web Technologies: Python, Java, JavaScript (ES6+), React.js, Node.js, HTML5, CSS3, RESTful APIs, System Design, Data Structures & Algorithms.

Cloud, Tools & Databases: SQL, MySQL, MongoDB, SQLite, AWS (EC2, S3), Git, GitHub, Linux, SFDX CLI, Data Loader, Workbench, VS Code.

AI/ML & Computer Vision: OpenCV, Optical Character Recognition (OCR), Scikit-Learn, NumPy, Pandas, Matplotlib, Image Preprocessing.

WORK EXPERIENCE

Ciphermetic Consulting Pvt Ltd

Sep 2026 – Present

Salesforce Developer Intern

Aligarh, UP

- Developing custom Salesforce solutions using **Apex** (Triggers, Classes, Handlers) and **Lightning Web Components (LWC)**.
- Configuring security architecture (OWD, Profiles, Permission Sets, Sharing Rules) to protect multi-tenant record data.
- Engineering Apex REST Web Services and HTTP Callouts to integrate Salesforce with third-party enterprise APIs.

Cloud Gyata EdTech Pvt Ltd

Jul 2026 – Present

Salesforce Trainee / Intern

Aligarh, UP

- Architected custom schema (Master-Detail, Roll-Up Summaries, Validations) and automated logic using Flow Builder.
- Executed bulk data updates using Data Loader and External IDs while maintaining data integrity.
- Authored Apex Test Classes with mock callouts achieving 90%+ code coverage while adhering to Governor Limits.

Dabotic India Pvt Ltd

Jan 2024 – Feb 2024

Web Development Intern

Remote

- Built real-time web applications, including a responsive Quiz Application and landing pages using React.js and JavaScript.
- Collaborated in an Agile team to deliver user-friendly, cross-browser compatible frontend interfaces.

- Completed 120+ hours of Python training covering Data Structures, Algorithms, OOP, and Problem Solving.
- Solved 150+ coding problems and built modular mini-projects using file handling and exception handling.

KEY TECHNICAL SALESFORCE PROJECTS

Course Enrollment & Attendance Tracker

*Salesforce, LWC, Apex, Platform Events**EdTech Solution*

- Designed custom object data model comprising `Student__c`, `Course__c`, `Enrollment__c` (Junction), and `Attendance__c`.
- Developed Apex Triggers for attendance logging, Flows for reminders, and Platform Events for Zoom meeting integration.
- Built interactive LWC Course Grid, Trainer Attendance Panel, Student Dashboard, and dynamic Reports & Dashboards.

Eagle Insight – Stolen Vehicle Detection System

*Python, OpenCV, OCR, Machine Learning**AI/ML System*

- Developed a real-time stolen vehicle detection system using Python, OpenCV, and Optical Character Recognition (OCR) (90% accuracy).
- Built a live monitoring dashboard and automated alert notification system to trigger instant notifications.

Canteen Automation Order Management System

*Salesforce Admin, Flows, Approvals**CRM Solution*

- Configured `Order__c`, `Order_Item__c` (Master-Detail), roll-up billing summaries, Veg/Non-Veg Record Types, and Admin Approval Processes.
- Implemented online payment validation rules and automated email notifications via Record-Triggered Flows.

Personal Portfolio Responsive Web Applications

*React.js, HTML5, CSS3, JavaScript**Full-Stack Web*

- Developed responsive web applications with dynamic navigation and accessible UI components in React.js.

EDUCATION

Bachelor of Engineering in Computer Science & Engineering

Aligarh College of Engineering and Technology, Aligarh, India

Aug 2021 – Jul 2025

CGPA: 7.5

Senior Secondary (Class XII) – Dharam Samaj Bal Mandir Sr. Sec. School, Aligarh March 2021 — CGPA: 7.2

Secondary (Class X) – Dharam Samaj Bal Mandir Sr. Sec. School, Aligarh March 2019 — CGPA: 8.5

CERTIFICATIONS & CREDENTIALS

Salesforce Job Readiness Certification (Admin + Apex + LWC + Integration) – Cloud Gyata

Full Stack Web Development Certification (Udemy) – **Python with AI/ML Certification** (GUVI / HCL)

HackerRank SQL Certification (4-Star Rating) – **Capstone Projects** (90%+ Test Coverage)
